### Important Update to Your Voluntary Benefits

Effective January 1, 2026, the **Group Accident Wellness Benefit (\$60)** and **Group Hospital Indemnity Health Screening Benefit (\$50)** will be removed from your benefits package due to state regulation changes. However, **Group Accident initial treatment benefits** and **Group Hospital Indemnity daily hospital confinement benefits are increasing** to better support your needs.

## WHY VOLUNTARY INSURANCE IS IMPORTANT TO YOUR FINANCIAL WELL-BEING

### What if you get sick, hurt, need a lawyer or pass away unexpectedly?

- Lost income
- Care giving expenses
- Long-term-care expenses
- Mortgage payment
- Education expenses
- Childcare expenses
- Retirement funding
- Burial expenses
- Legal services expenses

### Voluntary Insurance Helps Provide Peace of Mind

## Just because an accident can change your health, doesn't mean it should change your lifestyle too.

Accidents can happen in an instant affecting you or a loved one. Aflac is designed to help families plan for the health care bumps ahead and take some of the uncertainty and financial insecurity out of getting better.

### Protection for the unexpected, that's the benefit of the Aflac Group Accident Plan.

After an accident, you may have expenses you've never thought about. Can your finances handle them? It's reassuring to know that an accident insurance plan can be there for you in your time of need to help cover expenses such as:

- Ambulance rides
- Emergency room visits
- Surgery and anesthesia
- Prescriptions
- Major Diagnostic Testing
- Burns

### Plan Features

- Benefits are paid directly to you, unless otherwise assigned.
- Coverage is guaranteed-issue (which means you may qualify for coverage without having to answer health questions).
- Benefits are paid regardless of any other medical insurance.

## What you need, when you need it.

Group accident insurance pays cash benefits that you can use any way you see fit.

### Aflac can help ease the financial stress of surviving a critical illness.

Chances are you may know someone who's been diagnosed with a critical illness. You can't help notice the difference in the person's life—both physically and emotionally. What's not so obvious is the impact a critical illness may have on someone's personal finances.

That's because while a major medical plan may pay for a good portion of the costs associated with a critical illness, there are a lot of expenses that may not be covered. And, during recovery, having to worry about out-of-pocket expenses is the last thing anyone needs.

#### That's the benefit of an Aflac Group Critical Illness plan.

It can help with the treatment costs of covered critical illnesses, such as a heart attack or stroke.

More importantly, the plan helps you focus on recuperation instead of the distraction of out-of-pocket costs. With the Critical Illness plan, you receive cash benefits directly (unless otherwise assigned)—giving you the flexibility to help pay bills related to treatment or to help with other unexpected expenses.

#### What you need, when you need it.

Group critical illness insurance pays cash benefits that you can use any way you see fit.

## The plan that can help with expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And even with major medical insurance, your plan may only pay a portion of your entire stay.

**That's how the Aflac Group Hospital Indemnity plan can help.**

It provides financial assistance to enhance your current coverage. It may help avoid dipping into savings or having to borrow to address out-of-pocket-expenses major medical insurance was never intended to cover. Like transportation and meals for family members, help with child care, or time away from work, for instance.

**The Aflac Group Hospital Indemnity plan benefits include the following:**

- Hospital Confinement Benefit
- Hospital Admission Benefit
- Hospital Intensive Care Benefit
- Intermediate Intensive Care Step-Down Unit
- Successor Insured Benefit

### How it works

Amount payable was generated based on benefit amounts for: Hospital Admission (\$1,000), and Hospital Confinement (\$150 per day).

The plan has limitations and exclusions that may affect benefits payable. This brochure is for illustrative purposes only. Refer to your certificate for complete details, definitions, limitations, and exclusions.

## Benefits Overview

## BENEFIT AMOUNT

**HOSPITAL ADMISSION BENEFIT per confinement** (once per covered sickness or accident per calendar year for each insured)

Payable when an insured is admitted to a hospital and confined as an inpatient because of a covered accidental injury or covered sickness. We will not pay benefits for confinement to an observation unit, or for emergency room treatment or outpatient treatment.

We will not pay benefits for admission of a newborn child following his birth; however, we will pay for a newborn's admission to a Hospital Intensive Care Unit if, following birth, he is confined as an inpatient as a result of a covered accidental injury or covered sickness (including congenital defects, birth abnormalities, and/or premature birth).

\$1,000

**HOSPITAL CONFINEMENT per day** (maximum of 31 days per confinement for each covered sickness or accident for each insured)

Payable for each day that an insured is confined to a hospital as an inpatient as the result of a covered accidental injury or covered sickness. If we pay benefits for confinement and the insured becomes confined again within six months because of the same or related condition, we will treat this confinement as the same period of confinement. This benefit is payable for only one hospital confinement at a time even if caused by more than one covered accidental injury, more than one covered sickness, or a covered accidental injury and a covered sickness.

\$200

**HOSPITAL INTENSIVE CARE BENEFIT per day** (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in a Hospital's Intensive Care Unit at a time. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

Day 1 \$1,000  
Day 2-10 \$150

**This benefit is payable in addition to the Hospital Confinement Benefit.**

**INTERMEDIATE INTENSIVE CARE STEP-DOWN UNIT per day** (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in an Intermediate Intensive Care Step-Down Unit because of a covered accidental injury or covered sickness. We will pay benefits for only one confinement in an Intermediate Intensive Care Step-Down Unit at a time.

Once benefits are paid, if an insured becomes confined to a Hospital's Intermediate Intensive Care Step-Down Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

\$75

**This benefit is payable in addition to the Hospital Confinement Benefit.**

## SUCCESSOR INSURED BENEFIT

If spouse coverage is in force at the time of the employee's death, the surviving spouse may elect to continue coverage. Coverage would continue according to the existing plan and would also include any dependent child coverage in force at the time.

In order to receive benefits for accidental injuries due to a covered accident, an insured must be admitted within six months of the date of the covered accident (in Washington, twelve months).

# YOUR FLEXIBLE BENEFITS

## CANCERSELECT® PLUS CANCER-ONLY INSURANCE

**CancerSelect Plus**, underwritten by Transamerica Life Insurance Company, can help provide extra protection in the event of a cancer diagnosis.

Nancy knows her family history may put her at a higher risk for a cancer diagnosis. When a coworker battled cancer and faced a financial strain due to his deductible, co-pays, and missed work, his situation hit close to home. She worries her medical insurance might not be enough.

### GOOD MEDICAL INSURANCE HELPS, BUT IS IT ENOUGH?

While some people diagnosed with cancer have health insurance to help pay for some of their treatment, many face the prospect of significant out-of-pocket costs.

### IF CANCER IS THE DISEASE YOU WORRY ABOUT MOST, YOU'RE NOT ALONE

If Nancy or one of her loved ones were to be diagnosed with cancer, how would she face that challenge? There's a way she can take simple steps now to help protect her and her family's Wealth + Health <sup>SM</sup>.

With this supplemental benefit, she'll have more resources to cope with any future cancer diagnosis, and have wellness benefits to help her detect cancer early — when it's most treatable.

### YOU CAN INSURE YOURSELF OR ADD YOUR ELIGIBLE SPOUSE AND CHILDREN

If you are 18 years of age or older, you can purchase this valuable supplemental benefit. You can also choose to insure your eligible family members, including your spouse, age 18 or older, and your children from birth through age 25.

### VALUABLE BENEFITS FOR YOUR LIFE

Review the attached benefits and costs for the insurance policy. It's a long list of benefits, but they're all important. As you read through the list, think about how you could possibly pay for all these costs on your own. Fighting cancer can be challenging both financially and emotionally, and the more resources you have, the better prepared you and your family will be.

This is a brief summary of **CancerSelect® Plus**, cancer-only insurance, **underwritten by Transamerica Life Insurance Company (TLIC), Cedar Rapids, Iowa**. TLIC is not an authorized insurer in New York. Policy form series CPCAN200 and CCCAN200. Forms and numbers may vary. Insurance may not be available in all jurisdictions. Limitations and exclusions apply. Refer to the policy, certificate, and riders for complete details.

## Limitations and Exclusions

We provide benefits only for cancer as defined herein, which is positively diagnosed while insurance is in force. It does not provide benefits for any other illness or disease.

- We may reduce or deny a claim or void insurance for loss incurred by an insured person:
  - During the first 2 years from the effective date of such insurance for any misstatements in the application which would have materially affected our acceptance of the risk;
  - At any time for fraudulent misstatements in the application.
- We will only pay for loss as a direct result of cancer. Proof of positive diagnosis must be submitted to us for each new claim. We will not pay for any other disease or incapacity that has been caused, complicated, worsened or affected by, or as a result of cancer, except as specifically covered under the contract.
- If a covered hospital confinement is due to more than one covered condition, benefits will be payable as though the confinement or expense were due to one condition. If a hospital confinement or expense is also due to a disease or condition that is not covered, benefits will be payable only for the part of the hospital confinement or expense due to the covered disease or condition.
- Under no condition will we pay any benefits for losses or medical expenses incurred prior to the effective date.

**Pre-Existing Condition Limitation** - No benefits are provided during the first 12 months for pre-existing conditions for which the insured person has been diagnosed, treated, or for which the insured person has incurred expense or has taken medication within 12 months prior to the effective date of such person's policy. Pre-existing condition also includes a condition that manifests itself in a way that would cause an ordinarily prudent person to seek medical advice, diagnosis, care or treatment.

**Total Disability** means the inability to perform all of the material and substantial duties of the employee's regular occupation. Total Disability will be considered to exist when under the regular care and attendance of a physician for the necessary treatment of cancer. After the first two years of Total Disability, the employee will continue to be considered Totally Disabled if unable to engage in any employment or occupation for which he or she is or becomes qualified by reason of education, training, or experience.

**12-Month Benefit Period** - The initial 12-Month Benefit Period is the 12-month period beginning on the date of positive diagnosis. Subsequent 12-Month Benefit Periods begin on the same month and day as the immediately preceding 12-Month Benefit Period; however, if the insured person incurs no covered loss during the 3 months after the end of any 12-Month Benefit Period, the next 12-Month Benefit Period will begin on the next date a covered loss is incurred. Benefit Periods are determined separately for each insured person.

To ensure this trust continues and to address any concerns within the industry, we have outlined our policy on agent compensation disclosure.

TEB's policy supports transparency and full disclosure of agent compensation to our customers and prospective customers. In addition, we have put controls in place to facilitate this disclosure and obligate our agents to disclose compensation information to customers: 1) when asked by a customer; 2) when receiving both a fee from the customer and compensation from TEB; and 3) when otherwise required by law. Agents must comply with all applicable laws in the sale of TEB products, including any pertaining to the disclosure of compensation information.

Agents may receive advances or loans against anticipated commissions for cases sold or to be sold. These advances may or may not require the payment of interest, depending upon the agent's total business and historical experience with TEB.

Agents may receive other compensation from TEB in the form of cash or non-cash awards or prizes, based upon a variety of factors that may include the level of premium written or earned, persistency and growth of premium, or other performance measures. ## LifeTime Benefit Term Provides You with the Protection Your Family Needs

LifeTime Benefit Term helps protect you and your family if you were no longer able to provide for them. Your family can receive cash benefits paid directly to them upon your death that they can use to help cover expenses like mortgage payments, credit card debt, childcare, college tuition and other household expenses.

Cash benefits can also be paid directly to you while you are living for long term care expenses.

### You Decide How You Want to Use LifeTime Benefit Term Benefits

When you make the promise to protect your family with LifeTime Benefit Term, there are several ways it can work.

#### As Life Insurance

LifeTime Benefit Term protects your family with money that can be used any way they choose. It is most often used to pay for mortgage or rent, education for children and grandchildren, retirement, family debt, and final expenses.

#### For Long Term Care\* (LTC)

If you become chronically ill, LifeTime Benefit Term will pay you 4% of your death benefit each month you receive Long Term Care. You can use this money any way you choose, and your life insurance premiums will be waived.

- Your death benefit will reduce proportionately each month as you receive benefit payments for Long Term Care. After 25 months of receiving Long Term Care Benefits, your death benefit will reduce to zero.
- With Extension of Benefits\*, if you continue to need LTC after you have exhausted your Death Benefits, you can receive up to 50 more months of benefits, for a total of 75 months of LTC benefits.

Life insurance premiums will never increase and are guaranteed to age 100. Thereafter no additional premium is due while the coverage can continue to age 121.

### Guaranteed Benefits During Working Years

Death Benefit is guaranteed 100% when it is needed most—during your working years when your family is relying on your income. While the policy is in force, the death benefit is 100% guaranteed for the longer of 25 years or age 70.

### Guaranteed Benefits After Age 70

Even after age 70, the full death benefit is designed to last through age 99 for non-tobacco users and age 95 for tobacco users based on the current interest rate and mortality assumptions. Regardless of interest rates, the death benefit after age 70 is guaranteed to always be at least 50% of the initial benefit and will likely be more given the current interest rate.

### Paid-up Benefits

After 10 years, paid-up benefits begin to accrue. At any point thereafter, if you stop paying the premium, a reduced paid-up benefit is issued and can never lapse. That means when you retire, you can stop paying the premium and have a death benefit for the rest of your life—guaranteed.

### Additional Benefit Option *(additional premium required)*

#### Child Term

Death Benefits available up to \$25,000. Guaranteed conversion to individual coverage at age 26—up to 5 times the benefit amount.

#### LifeTime Benefit Term Sample Rates \$25,000 Face Amount (Non-Smoker)

Age at Purchase	Semi-Monthly
30	\$7.55
40	\$11.97
50	\$21.10

### Long Term Care (LTC)\*

If you need LTC, you can access your death benefit while you are living for home health care, assisted living, adult day care and nursing home care. You get 4% of your death benefit per month while you are living for up to 25 months to help pay for LTC. Insurance premiums are waived while this benefit is being paid.

### Extension of Benefits\*

Extends the monthly Long Term Care benefit for up to an additional 50 months, after 100% of the base death benefit has been used for LTC.

### Terminal Illness

After your coverage has been in force for two years, you can receive 50% of your death benefit, up to \$100,000, if you are diagnosed as terminally ill.

Good things happen every day, and unfortunately hardship happens too. Let us help you protect everything you value.

\* LTC and Extension of Benefits premiums may be adjusted based upon the experience of the group or other group characteristics that may affect results. Premiums will not be increased solely because of an independent claim. New premiums will be based on the insured's age and premium class on the rider's coverage date.

# Life Insurance options for each step of your journey.

**Why does your employer offer two life insurance options?** It's simple—just as your life changes and evolves, so should your life insurance coverage. Let's take a closer look at your options and when they make the most sense in your journey.

## Supplemental & Permanent Life Insurance

### Supplemental Life

- Designed to bring you inexpensive life insurance during your working years (i.e., 1x, 2x, 3x salary)
- Rates increase every year based on your age

#### The downside of using Supplemental Life Insurance beyond your working years:

- Expensive conversion (moving to Universal or Whole Life) or portability (allowing one to keep the policy after employment ends)
- Many policies increase rates over 900%
- Total cost may be more than 3x a Permanent Life product

### Permanent Life

- Can keep it for life
- Fully portable with no rate increase or benefit reduction
- Offered with little or no health questions
- Paid-up benefits allow you to keep the policy for life with no more premiums due

## Why consider Permanent Life Insurance?

Provides guaranteed level life insurance premiums based on the age you enroll.

Guaranteed portability with the same rates and same benefits whether you leave or retire.

Permanent Life Insurance provides guaranteed paid-up benefits.
