INSURANCE

THAT HAS YOUR BACK

TRANS\$URESM
WHOLE LIFE INSURANCE

Trans\$ure is whole life insurance, underwritten by Transamerica Life Insurance Company. It's protection for the ones you love.

When Tammy begins job hunting in a new city, her stellar resume and experience let her be choosy about her employment options and compensation. Since one of her kids is on the autism spectrum, benefits — including life insurance — play a huge part in her decision-making process.

She chooses a job at a growing company with available whole life insurance from Transamerica. She likes that she could borrow against the cash value of the death benefit in an emergency. Because her son will need lifelong care, she will always need life insurance, so she also appreciates the paid-up death benefit offered after the later of 16 years or age 65.

FEEL A SENSE OF FINANCIAL SECURITY

Trans\$ure is designed to help provide financial protection for your family. With the policy, you can use the death benefit for final expenses, college tuition, living expenses, or to provide an inheritance. It also builds cash value at a minimum 4% interest rate that you can borrow against.¹

Whole life insurance is a great supplement to an employer's term life insurance because it helps provide protection for an entire lifetime, not just while you are part of the workforce.

ELIGIBILITY

- Employee, ages 16 through 70, (\$10,000 - \$500,000 benefit, not to exceed 5x base salary)
- Spouse or equivalent by law, ages 16 through 65 (\$10,000 to \$100,000 benefit)
- Children/grandchildren, ages 15 days through 24 years (\$25,000 benefit)

CHOOSE A COMPANY YOU CAN TRUST

In today's financial environment, it's smart to have life insurance through a reliable company with a heritage of more than 100 years of helping families. You can trust Transamerica to be there when you need us most.

HOW IT WORKS

- Payroll-deducted premiums
- Accumulates cash value
- Guaranteed 4% interest rate
- Loan and withdrawal options

¹Loans, withdrawals, and death benefit accelerations will reduce the policy value and the death benefit and may increase lapse risk. Policy loans are tax-free provided the policy remains in force. If the policy is surrendered or lapses, the amount of the policy loan will be considered a distribution from the policy and will be taxable to the extent that such loan plus other distributions at that time exceed the policy basis.

²We base your acceptance on the information you provide on your insurance application.
