CAREGIVING RESOURCES

Support for Those Who Care

STARTING JANUARY 2025

We understand the legal implications connected with caregiving services, impacting multiple generations. To address this need, we've added new plan resources to help support the caregivers within our member population.

ESSENTIAL DOCUMENTS FOR CAREGIVERS

Essential documents for caregivers conveniently located within our member portal. Documents include care management planner, a comprehensive legal support guide for caregivers, estate letter, wills, trusts, power of attorney, medical directives and many more!

NEW SEMINAR SERIES: CONVERSATIONS FOR CAREGIVERS

Conversations for Caregivers is a seminar series designed to empower family caregivers with essential knowledge and practical tools for managing the complexities of caregiving. Tailored for those supporting loved ones with diverse needs, the series covers topics such as navigating benefit programs, safeguarding against identity theft, creating care plans, and understanding medical care options like hospice and palliative care. Each session offers valuable insights and strategies to help caregivers make informed decisions, protect their loved ones, and maintain their own well-being.
